

Early Years Pupil Premium 2022/23

What is Early Years Pupil Premium?

From April 2015 Nursery schools amongst other providers have been able to claim extra funding through the Government to support eligible children's learning, development and wider curriculum.

National Data shows that children who are entitled to free school meals can sometimes achieve less than their peers. The EYPP funding intends to provide funding so that at Millfields Nursery we can close this gap.

How many children were entitled to Pupil premium

Autumn 2022	9
Spring 2023	11
Summer 2023	11

What are the barriers to achievement and progress?

In recent years there has been a decline in children's level of attainment on entry, this is particularly evident in speech and language, communication skills and PSED and basic mathematical skills.

More children are also coming in to Nursery in nappies, using bottles and dummies.

How do we use the funding here at Millfields?

The additional funding allows us to provide staff to support eligible children in many different ways as outlined in the chart below.

When do we review funding, spending and outcomes of EYPP?

This is reviewed annually

Focus	Intervention	Success Criteria	Impact/Outcomes for Children
PP Groups	PP groups to run in nursery Identified children through information received from LA	Children will achieve within the age related expectations within AOL	<u>Pupil Premium</u> Exit data shows GLD for children
Language Groups	Language group to run in nursery Identified children through TT (Talk boost)	Children will achieve within the age related expectations within the CLL AOL	Exit data shows GLD for children
HA Reading Groups	Identified children through TT Letters and Sounds programme	Children who are ready will move onto word building	Exit data shows GLD for children
Enhancement	Fathers Day Off site visits Subsidised trip	Children will benefit from an enhanced curriculum and wider general awareness of the world	Exit data shows GLD for children
Maths	Maths challenges weekly	Children entitled to PP will exit within age related expectations for Mathematical development.	Exit data shows GLD for children
